

## COUNCIL MEETS TO DISCUSS THE FINANCES

**Finance Committee Hindered  
In Negotiations Because of  
Petition - Discussion Hot  
Among Councillors--Mayor  
To Prosecute Slanderers.**

A special meeting of the town council was held last Monday afternoon for the purpose of discussing the financial situation of the town's affairs. Mayor 1915 was in the chair and the following councillors were present: Messrs. Hughes, Irwin, Macdonald and Anderson.

At present the finance committee is experiencing some difficulty making arrangements and it is in a position where the town and where it was intended that the petition should be taken into the government, in very many cases, to the effect, a highly successful one on the petition was thought to be the committee's purpose.

The council met under the presidency of the finance committee was causing every effort in an endeavor to help the town's financial situation through the present trying times it was most encouraging that their efforts should be hampered with and regarded by a few irreconcilable parties whose sole object seemed to be to embarrass the council. He thought this action might be expected of a few on the outside but it was doubly annoying when men who were elected to help the town along had influence and support in such an undertaking. The mayor then produced the petition as presented to the government and asked Councillor Robertson, who he had not made some enquiries in council regarding the charges made in the petition before he signed it. Councillor Robertson replied that the petition as presented to the government was not headed the same as the one he signed. He said he would not sign to this effect. The petition he signed made no specific charge against any one but simply asked for an investigation. This led to a heated discussion of firing and cross firing in which Councillor Robertson was the target.

When asked why he signed a petition even asking for an investigation he said that there seemed to be an impression on the part of some of the ratepayers that things were not as they should be. When pressed to cite some particular case he said he was reminded that the mayor had sold property to some of the town employees and in order to insure his payments on the same he would not stand for having these employees dismissed. Another was that some of the ratepayers thought that some of the employees on the town staff regarding the former charge, the mayor asked Mr. Robertson if he had ever made any move to ascertain whether or not there was any ground for the charges, to which Mr. Robertson replied that he had not. The mayor then expressed the opinion that it will become any councillor to let his name to any such charge in his first look advantage of the opportunity as he has at his disposal as a councillor to ascertain whether or not there was any possibility of there not being ground for the charge. At this juncture the mayor took advantage of the opportunity to inform the council that he had not signed one single line to any one in Redcliff since he came to the town. He also went further and said the charge laid against him was a gross libel and that every ratepayer whose name was affixed to the petition was guilty of libel. He also stated that it was his intention to find out through the courts of the land whether or not men could stipulate such libellous petitions, and that it was his intention to start first with the councillors whose names were on the petition. He did not propose to sit still and allow irresponsible parties to slander him just because of personal spite and petty jealousies concerning the town. When it was done by men who found it necessary to talk about their honor instead of showing it by their action.

Regarding the second charge and its retrenchment, Councillor Irwin had something to say. He said the three new councillors elected last year appealed to the electors on a platform of retrenchment and cutting down the town staff, yet some of them had

made a motion to that effect yet, the salaries were cut down by the old members and the only motion calling for a reduction of the staff was made by Councillor Irwin himself. There had been committee meetings before the petition had not ever suggested anything to improve the situation. Councillor Hodge said he heard several names of whose names are on the petition, say that the hearing as sent to the government was not the same as was on this case they signed and that if a counter petition were put in circulation they assured him they would sign it.

When asked what was going to do about having his name appear on a petition, the hearing of which he knew had been changed after he signed it, Councillor Hodge said he had not yet made up his mind but that he certainly was going to take steps to see who was to blame for the changing of it.

Coming back to the financial situation of the council could they get any way out of the difficulty until after the petition was disposed of and so the council adjourned.

## Redcliff Boys In The Casualty List

The latest casualty list now coming at the request of the here appearing in which the Canadians were engaged, contain the names of many western Canadians and from this immediate locality. Among them are the names of three young men from Redcliff who went to the front with first class.

One of the names is Harry Washford, Joseph Holland and Ed Cameron. At the time the war broke out Washford was a member of the police force here. He was a fine big fellow with a military appearance and was active in the South Africa during the war. Holland was a young Scotswoman and was well known in town as he was one of the players on the football team. Cameron was a young Scotswoman and was well known in town as he was one of the players on the football team.

According to reports of the battle north of the Ypres the Canadian Highlanders occupied a very prominent position and that they were practically annihilated. This led to a heated discussion of firing and cross firing in which Councillor Robertson was the target.

## Reasons in Favor of Daylight Saving

A prominent bank official of western Canada, who is taking a keen interest in the utilization of vacant lots for the growing of garden crops, says it seems to him that the "daylight saving scheme" would be one of the greatest factors in helping on the garden movement. It would give everyone from Halifax to Vancouver an hour's more time to work in the garden in daylight than they would otherwise have and it would be a great thing for the health of the nation to have an extra hour for potato irrigation, and last, but by no means least, there would be a wonderful saving of light, electricity, gas, and oil. The one hour extra daylight would be that by the time darkness came it would be pretty nearly bedtime, going by ordinary means.

## Canadians Again In The Trenches

That the Canadians again have been in the trenches as stated in a dispatch from Dunkirk, is confirmed by messages received by the militia headquarters at Ottawa. It is understood, however, that the losses were comparatively light as compared with the fighting in the battle of Langemarck and the battle of Ypres. It is not definitely known that the Canadians who took part in the battle of over a week ago were in this later fighting.

THE CAMERONS AND THEIR WEE SERGEANT

The 6th Cameron who are stationed at Basingstoke have a tiny sergeant who attends all church parades and route marches. Although only six years old he can drill as well as a soldier and is looked upon as the mascot of the regiment.

## CANDIDATES IN THE FIELD FOR TRUSTEE

**G. G. Patterson and R. Wray  
Nominated--Election to be  
Held Next Monday--Vote  
in Crown's Hall**

Nominations day to receive candidates for the vacancy on the school board was held last Monday morning with Mr. Wm. Henderson as returning officer.

Two candidates were nominated. They are: Gordon G. Patterson, nominated by W. H. Fletcher and seconded by R. S. Hodge.

Richard Wray, nominated by W. J. Long and seconded by J. Harbert.

As neither of these candidates retired from the field within the specified time an election will be held next Monday, May 10th, between the hour of 10 a. m. and 7 p. m.

Voting will take place in Crown's hall and will be conducted by Wm. Henderson as returning officer.

## Rev. Armstrong Now in Charge

The services of the Baptist church were conducted last Sunday by the Rev. W. M. Armstrong, of Okanagan College, Summerland, B. C., who has been appointed minister of the local congregation of Baptist. Good congregations turned up to all the services. Those who heard Mr. Armstrong were very much impressed with the way he took hold of the work.

Before going to British Columbia Mr. Armstrong held charges in Nanton, Ponaka and Edmonton.

## Redcliff Baseballers In The League

The Redcliff baseball club has entered a league with three teams in Medicine Hat and the schedule for the season's games has already been drawn up.

The Redcliff will play their first league game in the first Monday (Saturday) at 5:30 in the evening. They are drawn to play this game with the C.P.R. team.

Although very little has been heard of our team since they organized we understand they are making good progress and will make a good show in the league. No doubt there will be quite a number accompany them to the first game.

## Greenhouse to Enlarge Plant Here

We understand it is the intention of the Overland Limited to start building operations in the near future on the extension of their plant here. It is their intention to build two more houses, each to be 50x24 feet. This will practically double their present capacity. If the present plans are carried out they expect to have the building completed the first of September next. The additional buildings will cost between seven and eight thousand dollars and will be of the most modern design. An effort is being made to have as much of the iron frame as possible made right here in Redcliff.

Since starting up this plant has made excellent progress. Their goods are now being shipped to all parts of the province as well as to the larger centres in Saskatchewan and Manitoba. At present they are experiencing great difficulty in supplying the demand as their goods are giving excellent satisfaction.

## Redcliff Lawn Tennis Courts About Ready

Playing has started on the courts and all those wishing to join the club will please send their name in to the secretary, accompanied by membership fee as follows: Ladies, \$2.00; gentlemen, \$5.00.

Prospective members are not allowed to use the courts until membership fee are paid. There is a small fee to do on the courts and it is hoped that the members will turn out on an evening and help. All communications to the secretary, G. E. White, town.

## Relief Orders To Stop Soon

Farmers in this district who are in need of any more government orders for groceries should attend to it at once as in all probability the government will discontinue them in the near future. The relief agent here had instructions to discontinue the orders last week but as he knew there were some farmers who were figuring on another order in the near future he made arrangements to have the work continued for a short time longer.

Mr. McGimpsey, who has been here for the last year, left last Friday evening for his old home in Ireland. He was given a good send-off at the station by a number of his friends from the young men's club. The R.C. band drum band accompanied him to the station.

## GERMAN SUBMARINE SINKS THE LUSITANIA OFF THE IRISH COAST

**Sailed From New York on May 1st  
For Liverpool and had 1253 Pass-  
engers on Board--Reported She  
Sank in 20 Minutes--Boats Sent  
To Rescue From Queenstown**

The most distressing news of the day has been the sinking of the Lusitania, a German submarine was flashed across the wire this afternoon just as we go to press. This news was to the effect that the Canadian liner the "Lusitania" was torpedoed and sunk off the coast of Ireland by a German submarine.

Although the news of the sinking of the Lusitania is confirmed the particulars concerning it are very meager and to some extent contradictory.

The first report was to the effect that the ship was in the neighbourhood of the bank in 20 minutes and nearly all the passengers were drowned.

A later report was to the effect that she remained afloat for 12 hours after being torpedoed and that most of the passengers were rescued. Judging

from the scanty reports that are coming through it hardly for 12 hours. If she had the reports would surely have been more detailed as it is also reported that boats from Queenstown were sent to the rescue.

The Lusitania had on board 1,253 passengers and as she sailed from New York about the 1st of May it is presumed that a large percentage of the passengers were Americans.

The Lusitania is one of the largest passenger boats that has been constructed in the Atlantic. She was a 32,000-ton ship and was 790 feet long.

As a result of the sinking of this ship great excitement prevails in the larger centres of both the United States and England.

## Canadian Casualty List Growing Larger

Private messages received in the United Kingdom from London indicate that the casualties among the Canadians in the desperate fighting of a week ago north of Ypres were even greater than has been calculated. According to these messages, the list will run into a total of over 5,000, including over 5,000 killed and 5,000 wounded. The missing is stated to run close to the 2,000 mark.

A German official dispatch of several days ago claimed that 1,000 Canadians had been captured. This would indicate that a large number of those described as missing may later on be added to the dead.

The eye-witness report written by Sir Max Aiken makes it clear that the 10th and 14th battalions of Montreal were probably harder hit than any other battalions of the Canadian division.

The official story is that when it became evident St. Julien, exposed front to the left and was no longer tenable. The face of overwhelming numbers of the Canadian brigade, of which the 10th and 14th are units, was ordered to retreat further south, but it was found impossible, without sacrificing the larger force, to disintegrate the detachment of the Royal Highlanders of Montreal, 15th battalion, and the 10th and 14th battalions of Montreal.

The brigade was ordered, and not a moment too soon, to move back. The official story goes on to say that the German line rolled over the deserted village of St. Julien, but for several hours after the enemy had become master of the village the silent and persistent rifle fire which the survivors showed that they were not masters of the Canadian rear guard. If they did, they died worthily of Canada.

In the view of Redcliff at the headquarters, the 15th and 14th are no more as units. They were "othered" over and taken prisoners. These may be for the most part the thousands of prisoners that the Germans claim to have taken.

The annual survey of frigidation districts conducted by the Dominion government was commenced last week when several survey parties leaving Lethbridge to engage in the work.

There will be no white drive and dances in the Alberta parish hall on Tuesday, May 18th, commencing at 8 o'clock. Admission 15c. All are invited.

## Uniteds Lose in Best Game Yet

The league football match played last night between the Medicine Hat Uniteds and the local Uniteds was the best football game we have ever seen played in Redcliff. The weather was ideal and from start to finish the interest did not lag for a minute. Although the visitors won out by two goals to none they may consider it more good luck than superior playing as this may not sound very encouraging but it is what we believe to be the case. We do not say this by way of a boast.

For the first ten minutes the play was mixed up very evenly, each side having a fair share of it, but for the next ten minutes the Uniteds had the best of the play and kept the ball hovering around the local goal most of time. At this stage the work of the local backs and their goal keeper saved the situation on several occasions. This ten minutes struggle seemed to put new life into the home team and for the balance of the first half the Uniteds were turned and they did the attacking. When half time was called neither side had scored.

The second half started out much the same as the first had finished. The Uniteds kept in their attack and for several minutes the visitors never got the ball past centre. On two different occasions in this stage the home forwards succeeded in drawing out the visitors' defence and both times it looked like a goal, but in order to save the situation a Centre back made two deliberate fouls, stopping the ball with his hands on both occasions. It was a good piece of head work but it wasn't playing the game. After this the visitors got control of the ball and after a scrimmage in front of the goal they succeeded in scoring. Time 30 minutes.

The visitors then took advantage of their lead and the next few minutes saw more throws in that all the rest of the game put together. The local forwards kept up the score but in an unguarded moment the visitors slipped in another goal just a few minutes before time was called.

Although defeated the Uniteds put up an excellent game and their supporters will anxiously look forward to the next game. It is hoped they will have better luck.

Barano, Alberta, is planning a big celebration and entertainment in honour of the Western Canada Irrigation Association, which will hold its annual convention at Barano this year.

### PAPER CHAIRS AT SCHOOL

The fave has heard a great deal of complaining from parents lately regarding the poor progress their children are making at school and we are informed by one of the trustees that he, too, has had several complaints registered with him for the same reason. It appears the parents think too much time is being spent on making paper chairs and tables and such like and the other more important branches of education are being neglected as a result.

One parent says his children have made little or no progress since starting here, while another says his boy is actually going back. Although he is nine years old he cannot add or subtract but he frequently brings home some neatly made paper tables and chairs.

As we said to one of the complainants we do not feel that we are in a position to criticize too severely a system or curriculum which is no doubt the outcome of years of study and thought by those who should have the interests of our children at heart. Whether or not these new fangled ideas are carried too far is, however, another question. The making of paper articles may rest the child from other more laborious studies and at the same time develop his mind. After all education is simply development. But when the child is taught reading, writing and arithmetic as a rest from making paper articles then the thing is being carried too far. Manual training and kindred subject as a change or rest from study is one thing, but when carried further than that they are hindrance to a child's education. A boy or a girl can get through this world fairly successfully if he or she never makes a paper chair but it is a hard, uphill fight, day after day, to worry along without a fair knowledge of what is commonly called the three "R's." The Review does not mean to say that our teachers here are over-doing this work. Some think they are. This complaint is a common one. We have heard it in a dozen different places, scores of different times. We know that a child's progress at school depends as much on the child himself and on the parents as on the teacher. That some of the children at our school are progressing we have not the slightest doubt. In fact we know they are and they are being taught by the same teachers as the ones who are not progressing. It was ever thus and so doubt all ways will be. However, if making paper articles helps one child and hinders another, the more important studies, the one that it hinders should not be asked to take up that class of work. We feel sure if parents who feel this way would make their complaints to the teachers along this line could be made.

All citizens should lend their assistance to the clean-up movement that is under way today. If any movement deserves success this one certainly does. It should appeal to all on moral and sanitary grounds. It is the "carrying into practice of the maxim—once of prevention is worth a pound of cure, for it removes much of the material from which annoyance and illness arises. Clean streets, lanes and back yards mean low doctor bills.

### THE TEMPERANCE CAMPAIGN

Now that the date set for taking the vote on the temperance question in this province is drawing near, the Review, like other papers, is getting all kinds of literature from both sides with the request that it be published. In this matter both sides to the question are in different from other organizations from our governments down. The press is expected to advertise all campaigns and do it gratuitously. Lively bills, hotel bills, travelling bills, bills for cotton, to make banners, stromers, etc., all these are paid for in the usual way for campaigns, but the newspaper is supposed to give away its space.

In the approaching campaign the Review will report all meetings held by either side as a matter of news, but we will not publish any articles sent in unless arrangements have first been made for the payment of the same at the regular advertising rates.

### A FOOLISH REPORT

A report seems to have obtained currency in some parts of the United States that some of our Canadian friends are in Canada to raise revenue for war purposes. In some cases it has been said that the tax ranged from \$100 to as high as \$900 on a quarter section, and it has also been said that this tax was aimed particularly at non-resident owners. This report was so absurd on the face of it that little attention was paid to it in Canada, but it seems to have been taken seriously in some parts of the United States.

Land owned by residents or non-residents is not liable in the slightest degree to the laws of the Dominion government. When land becomes the property of any owner it is a provincial matter, and entirely outside the scope of the Dominion government. The provincial government has no power to impose war taxes.

### SCHOOL BOARD ELECTION

The election for School trustees takes place next Monday. There will be two candidates in the field, G. G. Patterson, the local baker, and R. Wray, of the Light & Power office. Both these men have been in town about the same length of time and are well known by the ratepayers, so that we do not feel called upon to advocate the candidature of either one.

The only thing we would impress upon the ratepayers is that they turn out and vote, no matter which candidate they are supporting.

Ratepayers appear to be very anxious that G. G. Patterson be elected to the school board. They think he would be the solution for the present financial difficulty as he could "raise the dough" any old time.

Those who have been ridiculing the present war tax and have been predicting that it would not meet the requirements for the war it was passed because the people would dodge their responsibility, will be surprised to learn that the banks of Canada alone amounts to over a quarter of a million dollars.

When the Indian, the African, the Scotch, the Irish, the English, the Australian and any other British subject now fighting for the Empire at the front make a successful and heroic stand on the battlefields, Canadians take of their hats and shout for joy, knowing that all are doing their share in defence of the Empire and its principals. But when the boy's called the "Canadian contingent" do an heroic deed and save the situation at a critical moment, there are Scotchmen and Englishmen in this country who sneer at the idea and find fault with the Canadian papers because they never tire sounding the praises of the gallant lads who went out from this Dominion, and gave their lives for the Empire. Thank God men who really made the Empire what it is are not so thin-skinned, else there would be no British Empire as we have it to day.

### BRITISH BUDGET SHOWS

WHAT WAR COSTS. In one of the shortest budget speeches on record, he being on his feet a little over an hour, David Lloyd George, the chancellor of the exchequer, gave the British public further facts into what the war is costing the nation. The expenditure at present, Mr. Lloyd George said, was 10,000,000 (\$10,000,000) daily and he added that if the war continued for a year Great Britain's bill would be upwards of \$1,000,000,000 (\$1,000,000,000). The debt of the country according to Mr. Lloyd George, already had been almost doubled since 1914, and he said \$3,000,000,000 (\$3,000,000,000). The chancellor declared that the length of the war. He introduced no measure calling for new taxes, although he hinted that such a step likely would have to be taken. There was little discussion of the budget itself, and the usual income tax regulations were passed before the house adjourned.

### HUGHES SAYS CANADA

MAY MAKE REPRISALS. A positive statement was made by Maj. Gen. Hughes Saturday that Private Lonsdale of the British army is executed in Germany for attacking the German officers who he reprimands in Canada. The victims, German prisoners of the war, are in the hands of the British army at Kingston, Ont. Among the numerous prisoners it is stated is a German officer holding the rank of colonel in the army. He was the leader in attack. In the case of Lonsdale the evidence taken in the German court shows that he struck the officer under provocation. At Kingston the German mutiny prisoners made an attack upon the guards. Should Lonsdale be executed it will likely go hard with the German prisoners at Kingston who are to be made the subjects of a court martial.

### WHAT SERVICE PAPERS

THINK OF CANADIANS. The weekly service papers give generous tribute to Canada's honorable achievement. "Canada has every reason to be proud of her sons who have shown on the day of trial that they are equal to any troops in the world," declares the Army and Navy Gazette. "The whole empire united in congratulating these hardy sons of the blood on showing in action the two finest British qualities, stay and dash," says Broad Arrow.

### STILL BATTERING

AT THE DARDANELLES. Day and night fierce fighting continues in the Dardanelles. The ships of the fleet are working in shifts, and the bombardment is constant. In the words of an naval officer, "we are battering our way through the narrows and it is bound to be a tough job." The bombardment of the Turkish forts on the Gulf of Symrna has been resumed, according to messages reaching Athens from Mytilene and that warships of the allies forth on the Dardanelles. Some British officers are reported to have expressed the opinion that the forcing of the Dardanelles straits would not be long delayed, and that the shelling of the forts by the allied fleet.

### BRITISH SINK TWO

GERMAN TORPEDO BOATS. A German submarine on Saturday sank the old British Destroyer Recruit in the Challenger. The Challenger was the North Sea, but the score was more than equalized by other British destroyers, which after a stern chase, overtook and sank the two German torpedo boats that had accompanied the submarine on her cruise.

## A FOREMOST DUTY OF CITY FATHERS

Practical Suggestions For Every Municipality—And Help to Keep Laid Day

The Klugevater "influenced" a few days ago advised the municipalities that every city and town has a job to do. He has a bureau to encourage "Made-in-Canada" goods. "By displaying these the municipalities," he said, "will help the public to spend their money wisely, by public effort the good of the public should serve the good of the nation." He pointed out in what manner work for Canadians there are cases in this country of councils and boards of works turning down Canadian tenders, even when they were lower than foreign tenders, or because they were a few dollars higher, or because they wanted to try experiments, or because they feared that the factories which would offer to treat up business abroad. Happily, such cases are not so frequent as they used to be. The city employers and the municipalities of Canada as a whole, have got it strongly into their heads that it is their duty to buy Canadian goods in their factories and also to spend their money for "Made-in-Canada" goods, than to have labor tramping the streets looking for charity or work. It is better to have men busy on something that represents a fair investment of labor than to have them idle. A corporation just on purpose to keep men from being idle.

A skilled mechanic may be able to handle a motor on a piece of road work, but he won't do it as well as the man that's brought up on the road. His power to work on the thing he does. When he is at a job that does not suit him he won't do it. The civic government does not help to keep labor in its own factories, or factories elsewhere in Canada, is neglecting a golden opportunity to help our own men that keeps civic governments from having had economic problems on their hands. Every municipal government in Canada should have its headquarters for the purpose of "Made-in-Canada" goods.

THE MAN THAT HAS A MADE-IN-CANADA SALARY SHOULD HAVE MADE-IN-CANADA TASTES NICKEL AND NICKELS

New Light on a Live Question—Everybody Can Help

Thousands of tons of Canadian goods are at the present time in the arsenals of German warships, as well as of British and French and American and Russian. From our mines near Copper Cliff, Ont. we have shipped out this nickel to the United States in a grade form to be refined and converted by the companies to the markets of the world. Up till the past couple of months nobody could have raised any objection to this as a matter of business. Canada had a corner on a very useful article. She sold it to the world.

But at the present time there is not an ounce of nickelplate in any German ammunition on the East coast or at Bremen or anywhere else that Canada would not gladly take back and pay the cash price to keep it in this country, until the war is over. That's practical patriotism just as selling the nickel abroad was practical business.

If we are so sensibly concerned over the nickel sold to the enemy in times of peace, let us be as sensibly and vigorously concerned about the nickels and the dollars we have been sending out of this country to her officials and to foreign labor, paying foreign dividends for the sake of foreign homes. If we Canadians are really in earnest we can rapidly all damage resulting from the export of our nickel to Germany, by refusing to spend our money for foreign goods. We can't get back this nickel, but we can stop it—nickels and the dimes and the dollars from going abroad after the nickel. It is a matter of business, we helped the enemy in a time of peace, as a bigger matter of business we can help ourselves, and we can keep our own money in this country to keep Canada prosperous.

PERHAPS you do not realize how many lines of "Made-in-Canada" goods are better than the imported, or how often it is profitable as well as patriotic to buy things made by your own countrymen.

## Russians Seem to Be Checked in W. Galicia

If the official statements of Berlin and Vienna are to be credited, the German and Austrian, have achieved a notable victory in West Galicia, smashing the entire Russian center along a front of many miles, or, as Berlin roughly puts it across the whole western strip of Galicia, from near the Hungarian border to the point where the Silver Danube joins the Vistula, which is right at the frontier of Poland.

The 3,000 prisoners the Austrians say they have taken, if subsequent reports bear the statement out, will mean at least a temporary check to the Russian forces which have been hammering their way westward since the fall of Przemysl.

Berlin is celebrating the victory, as is the custom there, though it is doubtful that the flags have flown freely full details are to hand. If the Austro-German success relative to the Galician situation are correct in the opinion of some of the military writers, it will mean that the whole Russian campaign in the Carpathians is seriously affected, making extremely precarious the position of the Russian troops pressing down the southern slopes towards the plains of Hungary.

### NEW DEPARTMENT

In view of the heavy casualties the Canadian record office has opened a new department for dealing with the effects of the fall, and the clipping of their dependents under the charge of J. H. Stanford, immigration agent, who has been granted the rank of lieutenant.

For men who are weak and nervous. "Gray matter" is the name of the brain. It is the seat of all our thoughts and feelings. It is the seat of all our power. It is the seat of all our life. It is the seat of all our love. It is the seat of all our hope. It is the seat of all our faith. It is the seat of all our charity. It is the seat of all our wisdom. It is the seat of all our knowledge. It is the seat of all our power. It is the seat of all our life. It is the seat of all our love. It is the seat of all our hope. It is the seat of all our faith. It is the seat of all our charity. It is the seat of all our wisdom. It is the seat of all our knowledge.

## REDCLIFF LIVERY

Light and Heavy Draying. Ceaspool's emptied 80c per tank. Our tank holds 1-3 more than any tank in town.

E. Hube, Prop. Phone 48

## General News Notes From Various Points

The new British bottle has added amounts to five shillings a bottle will result in a virtual doubling of the retail price. Most wines will increase about two shillings a bottle.

The New Zealand government has offered to send a large force of men to England to assist in the manufacture of munitions of war. It is stated that a sufficient number of first class firebrands in New Zealand already have volunteered for this duty.

The British government by an order-in-council commended the cruise most carrying capacity of all British steamships trading between Europe and the Argentine and Uruguay. The action was taken under the Defence of the Realm act.

A dispatch from Algiers says that the Hamburg-American liner steamer Macedonia, which escaped from Las Palmas where she was interned November 11, has been recaptured and is being taken to Gibraltar with another captured German steamer.

More trouble may be in store for the Building Construction Employers Association threatening to lock out 15,000 members of the building laborers' union at Chicago if they do not sign an arbitration agreement. The elevated trainmen number 1,000 and there are 11,000 surface car conductors and motormen.

Fire last Monday destroyed completely 22 city blocks at Colon, and was not controlled until it buildings in its path had been dynamited. Many arrests have been made for looting. The town is now under the guard of naval police and some 1,000 men of the United States artillery, who aided in fighting the fire. Half the population have lost all their belongings.

According to information from Milsheim the British have driven the Turks out of all the outer forts at the Dardanelles and the British flag is now waving over the captured positions.

Ottawa has just notified shippers that grain cannot leave Canada for the States unless it is for domestic consumption. Exports cannot leave Canada for the United Kingdom unless specified consignees are named; nor to any foreign country unless under Ottawa permit.

Ottawa is to have the distinction of establishing the first convalescent home in England for wounded Canadian soldiers—the men in ranks who require rest and recuperation after leaving the hospitals.

Italy is occupying the centre of the diplomatic stage. Latest information is that negotiations between Italy and Austria have once more been resumed.

Cables received from England Tuesday from officers in the Thirtieth and Fourteenth Montreal battalions, saying they were safe and well, indicate that there is little foundation for the rumors which have been circulated that these two battalions have been captured. It is believed that the captures have been made it has been small detachments and not the battalions as a whole.

The United States and Great Britain have entered into no formal negotiations on the subject of Japanese demands on China. Announcement to this effect was made in the house of commons Tuesday by the British foreign secretary, Sir Edward Grey.

The American embassy has begun an investigation of the torpedoing of the American ship Gulflight. The London afternoon newspapers comment only in the briefest manner on the Gulflight incident. The Westminster Gazette asks whether "typical" comment will make good his words of February, and held the German government to strict accountability.

Miss Roxie Milligan, an expert automobile and saleswoman for a local Sarnia, Ontario motor firm, has offered her services to the militia department as a chauffeur, with the Canadian Motor Ambulance corps at the front and has received a letter from Major General Hughes promising her the first available vacancy.

On board the steamer Transylvania, arriving in New York last Wednesday night from Glasgow, were Mrs. Robert C. Ford Darling and Mrs. Trumbull Watson, widow of war of Canada. Darling and Warren of the 48th Canadian Highlanders of Toronto. Mrs. Darling has the remains of her husband on board for interment at Toronto.

The sympathetic attitude of the foreign press, especially the British papers, has encouraged the Chinese until they now apparently have resolved to concede nothing further to Japan. Chinese spirit has been aroused in an unprecedented manner and the government is faced with international troubles if it makes any additional concessions.

Right Hon. Walter Runciman, president of trade, announced in the house of commons that the British government had requisitioned the entire supplies of meat from Australia and New Zealand. The supplies that were not needed for the army, Mr. Runciman added, would be marketed for the benefit of the civil population in order to prevent such increase in prices as would result from a shortage of supplies.

## Ordinary Stamps

### May Be Used

Enquiries having been received in regard to postage stamps being used for the prepayment of war duties on bank cheques, bills of exchange, promissory notes, express money orders, proprietary or patent medicines, perfumery, wines or champagne, as well as upon letters and postcards, postal notes and post office money orders, notice is hereby given that this use of postage stamps is in strict accordance with the provisions of the special war revenue act, 1915, which provides that postage stamps may be used in lieu of inland revenue war stamps in fulfillment and discharge of any requirement under the act that adhesive stamps be affixed.

The public is at liberty at all times to use postage stamps for any purpose for which inland revenue war stamps may be used, but it is especially provided in the act that inland revenue war stamps are not to be used on letters, postcards, postal notes or post office money orders, the only stamps allowed on these being ordinary postage stamps or postage stamps upon which the words "War Tax" have been printed.

"EVERYBODY'S GOING IT"

Preparing the Signs of the Times

## The Liquor License Ordinance and The Liquor Act.

### Some Comparisons.

The liquor license ordinance as at present on the statute books has been brought to its present position through years of practical working experience. It is one of the most useful licensing acts to found in the whole Dominion and under it the people have full power to secure the carrying out of their wishes.

The proposed liquor act which the electors of the province are being asked to vote for on July 21st next is a measure of wanton destruction. Section 73 expressly repeals the liquor license ordinance and all amendments thereto. It therefore sweeps away the protection given to the people in the Liquor License Ordinance. The proposed liquor act gives no protection to anyone.

Under the Liquor License Ordinance there is set up an hotel system, rules are prescribed for the carrying on of the same; the sale of liquor is carefully regulated and the duties of license holders are defined in the most careful manner. The important matter to be borne in mind is that the Liquor License Ordinance is enforced and observed by the license holders.

The proposed Liquor Act, while it destroys the Liquor License Ordinance makes no attempt at anything in the shape of construction except to define the duties of vendors, dealers, dentists and others. It undertakes nothing in regard to the hotel system which the Liquor License Ordinance at present takes care of. Let the advocates of the Liquor Act state now what is their policy in regard to the hotels. It is a live question in Saskatchewan today. Why are the promoters of the Liquor Act in Alberta fighting shy of it?

The Liquor License Ordinance confines the sale of liquor to a by no means unreasonably large number of license holders in view of the population of the province. In this matter it protects the interests of young persons, feeble, intoxicated persons and

Indians. For proof that the Liquor License Ordinance is carefully administered, it is only necessary to state that last year only five license holders in the province were found guilty of breaches of the law.

The proposed Liquor Act would withdraw all the above protection. It would make the practice of drinking inconvenient and costly by the fact that liquor for beverage purposes could not be legally obtained inside the province. It would make the home resort and directly incident towards the establishment of illicit drinking places without any kind of regulation for old or young or intoxicated (there could be "done of the last under the proposed Liquor Act). The Liquor Act has many petal sections, it is true, but they lack the constructive element so conspicuous a part of the present Liquor License Ordinance.

The real test of the matter is to read the proposed Liquor Act. The difference between the two will be readily perceived and the public will realize that it has in its possession in the Liquor License Ordinance an excellent measure, the value and the complete usefulness of which will be perceived at once.

The promoters of the proposed Liquor Act are appealing largely to sentiment. They are issuing leaflets of a highly colored character with a number of not very easily substantiated statements. The opponents of the proposed Liquor Act are fortunate in having to present facts only and they fully realize that the voters of Alberta are intelligent enough to consider the merits of the case upon facts and not "hot air." The cost of administering and enforcing the proposed Liquor Act would impose a heavy financial burden, especially upon the farmers of Alberta.

On the one hand there is the actual present fact in the shape of the Liquor License Ordinance with all its advantages.

On the other is the proposed Liquor Act and all its drawbacks and disadvantages. To defeat the Liquor Act on July 21st should be the duty of the voters of Alberta.

A Havana dispatch from Athens dated recently states that the inhabitants of Gallipoli are crossing in large numbers to the Asiatic shore.

## SUBMARINE VICTIMS

Nine travelers in the bag, credited in German submarines on Monday of this week. In addition to the Italian, the Hero and Northward Ho, the victims belonging to Hull, include the Hector, Progress, Conquest and Rob White, while the Rugby and the Bridge owned in Grimby met a similar fate.

## WAS NOT EFFECTIVE

Two attacks by the Germans launched against the allies Sunday night, one against the French on the Yser canal; the other against the British north of Ypres, in the neighborhood of St. Julien, both ended in failure. In each case the Germans employed asphyxiating gases piped from in their trenches.

## ITEMS OF LOCAL INTEREST

The Argo Collars and Monarch shirts for men at Gibson & Tupper's.

For writing pads, school supplies, magazines, English papers, tobacco, etc., at Gibson & Tupper's, Broadway.

Miss Annabel Hill, of Economy, N. S., was in town this week, visiting her cousin, Mrs. G. L. Gordon, at the Manor.

The Presbyterian Sunday school will meet at 2 o'clock next Sunday in the Empress theatre. Cradle Roll welcome following at 2:45.

If the railway companies in Canada fail to refund the price of an unused ticket within 30 days from demand on one class of ticket or 60 days on any other, they are liable to a fine of \$25. The railway commission has so ruled.

Among the names in the latest casualty list of Canadians are six young men from Medicine Hat who left with the first contingents of the army: Richard Cox, S. Dent, A. Clift, J. Goodall and T. Atkinson. W. Wade is mentioned among the injured.

A welcome service for the Cradle Roll babies of the Presbyterian Sunday school will be held next Sunday afternoon at 2:45 in the Empress theatre. Cradle Roll children with their parents are asked to attend.

Dave Smith met with a painful accident while at his work in the Rolling Mill yesterday. He was handling some heavy iron when it fell out of his hand and struck his foot, badly bruising it. Although no bones were broken the wound is very painful and will lay Mr. Smith up for several days.

The Ladies' Aid in connection with the Presbyterian church, shipped 25 more pairs of socks to the Red Cross Society this week. This makes 62 pairs in all the ladies have sent away so far and they are still making more.

We have just received a new shipment of writing tablets, splendid stationery, etc., at Gibson & Tupper's.

Underwear for men, women and children at Gibson & Tupper's.

Councillor Devitt left this week for Montana where he will spend a few months of business.

Mrs. F. Schram entertained a few friends last Monday evening at a her-home. Everybody present voted Mrs. Schram as one of the best entertainers in Redcliff.

Have you tried our mix drinks yet? If you once taste them you will have nothing else. Hicks Ice Cream parlour.

The Presbyterian Ladies Aid will arrive here last week and will spend the summer visiting her son Walter, who lives in the Bevel district.

It is reported that Germans in Medicine Hat are making bullets and sending them home to be used in the war. The chief of police is looking into the matter.

At their tea and sale of work held last week the W. A. of St. Ambrose church cleared \$48.00. An halt tie produced one of the best evenings of the ladies have handed over to that \$24.00. This is exceptionally good and the ladies are to be congratulated on the success of their efforts.

The final dance for the season under the auspices of the Redcliff Grange was held in the Empress theatre last evening. There was a vast turnout and one of the best evenings of the season was spent. These dances have been held weekly all winter and have been much enjoyed by the young people. The opening dance next fall will be anxiously looked forward to.

Jimmy Green, a well known character around the Redcliff hotel, has joined the mounted rifles in the flat and left yesterday to start drilling. D. Broadfoot is having a fine fence put around the vacant lots adjoining the hotel for the purpose of protecting the garden which he is putting in on these lots. The garden and fence are a great improvement to the appearance of the street.

The Redcliff baseball club went down to the flat one day this week and played a game with a team picked from the mounted rifles. The Redcliff nine put up a fine game and succeeded in defeating the soldiers by a good substantial margin. During the game Wilson, of the Redcliff team met with a very painful accident. While trying to stop a very swift grounder the ball bounced and struck him on the nose, fracturing the bone and breaking his nose. He was taken to a doctor where the bone was set and we understand he is now getting along nicely.

A. J. Nicholson sells steamship tickets of all lines. See him before booking your passage to Europe.

See A. J. Nicholson for insurance of all kinds in the best companies.

Use the new dress goods at Gibson & Tupper's. They always have the most popular materials.

A. H. Gallinger, formerly of the firm of Gallinger & Day here, but now of Hamilton, is in town this week on business.

The old Northern Hotel which was partially burned some time ago is now being torn down and it is Mr. Moore's intention to use the materials for another building.

Don't forget to turn out and cast your vote in the trustee election next Monday.

The Presbyterian Ladies Aid will serve afternoon tea and ice cream in the Overland Tea room on Friday, May 14th, from 3 o'clock. A charity of 15c will be made. All are cordially invited.

Ladies and children's ready-to-wear at Gibson & Tupper's.

Miss McGregor, late of the Redcliff Realty Co., staff, spent a few days in town this week visiting friends.

We have not heard much from our baseball team lately. If a game could be arranged we are sure it would be greatly appreciated by our local fans as it is some time since they had a game in town.

Farmers in this district now have their wheat all in and are busy this week at the stacks. Walter Hodges, one of the biggest farmers of this district, has just finished sowing 500 acres of wheat and he intends putting in a considerable area of oats. Mr. Hodges used a steam outfit for both plowing and seeding and we understand he worked it day and night for a few days. He has a novel device which he worked out himself whereby he can work the darkest night by the use of a common lantern.

Otto Shipley's car is looking quite fifty these days as a result of the painting and cleaning up it got in the Redcliff garage.

## School Board Holds Quiet Session

The school board had a very quiet session at their regular meeting in the school last Monday evening. Chairman Broadfoot and Trustees Bryant, Barber, Hayes and Riddell were present.

After the reading of the minutes of the previous meeting a few small accounts were read and ordered paid.

A motion was passed appointing a committee to interview the council and make arrangements for securing money from the town to carry on the regular school business.

School Inspector Gorman was present but did not submit his annual report as he has not yet made his annual inspection.

The fine shower of rain last night has added more green grass to the appearance of the prairie. It is a long time since there was better pasture on the prairie than there is at present time. Gardens, too, are coming along nicely and were never further advanced at this time of year than they are now.

## CHURCH NOTICES.

## CHURCH OF ENGLAND.

Friday: Evensong with litany and intercession for the war at 7:30. Holy practices at 8 p.m.

Sunday next, Rogation Sunday: Holy communion at 8 a.m. No prayers.

Sunday school at 2:30. Evensong at 7:30.

Brezeval: Holy communion at 11 o'clock on 3 p.m.

Monday, Tuesday and Wednesday are Ration Days, days set apart for prayer for a blessing on the crops of the earth. On these days there will be singing at 9:30 a.m. Evensong and special prayers at 7:30 p.m.

Wednesday, W. A. at 2:30. Ascension Day (Thursday): Holy communion at 7:30 a.m.; matins at 7:30. Evensong at 7:30.

Remember the Friday evening services at 7:30 for prayer for our gallant soldiers. Many are falling. Let us assist them in their hour of danger and support them by our united prayers.

## BAPTIST CHURCH.

The usual services of the church will be held next week.

Sunday, at 11 o'clock: Subject, "Men Outlasted." Sunday school at 10 o'clock.

Evening, 7:30; subject, "Christ of the Multitude." Tuesday, 8 p.m., week night services.

Place of meeting, Redcliff Hall.

## THE PRESBYTERIAN CHURCH.

In the church at 11 a.m. the subject of discourse will be "The First Element of Success." At 7:30 in the Empress theatre the topic will be "Freedom from Sin by Law," the great paradox of the Christian religion.

The Sabbath school meets in the Empress theatre at 2 o'clock in the afternoon. A welcome will be given to the members of the Cradle Roll at 2:45, at which time parents will be in their places with the babies.

A very interesting service will follow. On Wednesday evening Mr. James Ardinger will lead the discussion, the subject being "The House of Prayer, a Den of Thieves."

On Thursday the Ladies' Aid meets at 3 o'clock and the choir at 8 in the evening.

## THE UNION BIBLE CLASS.

The class meets every Sabbath at 3:30 p.m. in the Presbyterian church. Next Sunday the subject of study will be "David Spares Saul," and the Golden Text is "Love your enemies, do to them that hate you."

The class gives another entertainment next week.

Mr. and Mrs. J. L. Landis left last night for Vancouver, B. C., where they will spend a few weeks. They returned up from here.

The Union Bible Class intend holding an open meeting in the Empress theatre on Monday evening, May 17th. The program throughout will be along the line of temperance. Everybody is invited to attend.

## WAKE UP, CANADA!

New Toronto Board of Trade is Promoting Prosperity in Canada.

The Toronto Board of Trade recently issued a new pamphlet under the title, "Wake Up, Canada! A Method to Keep Business as Usual." This booklet contains official statistics of the imports of foreign goods to Canada during the last fiscal year.

Apart from the statistics, however, the booklet contains some sound advice for Canadians generally, a few paragraphs of which we reproduce.

Thousands of people in Canada are out of work. If the men and women of this country would buy Canadian-made goods exclusively, Canada would be millions of dollars richer, and all workers would be back at work.

Shop begins at home, and this is not only partly but good business. Let every citizen—man and woman—show their patriotism by promptly resolving to make Canada strong and prosperous by providing work for her sons and daughters.

This can be done, in large part, by the development of every possible Canadian resource, and particularly by demanding Canadian-made products and Canadian-made goods in the course of our daily life.

Buyers all over Canada can do much to check the incoming flood of foreign-made goods. Now is the time to remember that every dollar saved to Canada is a dollar earned for Canada.

Every manufacturer and merchant should pay down this policy for his purchasing department today. This is his first duty the matter.

Architects, builders and contractors can, if they will, keep thousands of Canadian workmen employed by specifying Canadian-made materials in their building specifications.

Other professional men can add to their own incomes by ensuring the prosperity of their clients through purchase of home products.

Government and municipal officials all over Canada have it in their hands to direct a tremendous volume of business to Canadian factories, and surely it is wise as well as patriotic to give our own workmen the employment to which they will be entitled in any way a charge upon the community.

The demand to-morrow all over Canada for Canadian-made goods would change it by magic, the present depression into immediate prosperity.

Here, then, is a realizable, practical, sensible, and profitable way for us, all of us, to make and keep Canada prosperous.

We carry a full line of fresh fruit at our ice cream parlour. Mrs. T. Hicks.

When sending money to Europe buy a Dominion Express Foreign cheque. A. J. Nicholson sells them.

## NOTICE!

The Redcliff Light & Power Company's office will be open from 1:30 till 9 o'clock on the evening of the last day for discounted on gas bills. This will be done for the convenience of customers.

## Attention Electors!

Having been asked by a large number of Citizens and Ratepayers to offer myself as a candidate for the office of school trustee.

## School Trustee

have allowed myself to be nominated, and should I be the avowed candidate at Monday's election I will use my best efforts to maintain the present high standard of efficiency of our schools, and YOUR interests shall be MINE throughout my term of office. Thanking you in anticipation for your VOTE, I am yours for service.
